The image shows a screenshot of a LinkedIn profile for Thomas A. Anderson, P.E. The browser address bar shows the URL <https://www.linkedin.com/in/thomas-anderson/>. The profile header includes a search bar and navigation icons for Home, My Network, Jobs, Messaging, Notifications, and More. The profile picture is a circular headshot of a man with glasses. The background banner image shows a city skyline with a river in the foreground. The profile name is **Thomas A. Anderson, P.E.**. Below the name, the profile lists several designations: **Senior Mechanical Engineer | Mentor | ESG Group Manager | Public Speaker | Blogger**. The current company is **Hatch • Point Park University**, and the location is **Greater Pittsburgh Area • 500+ &**. A callout box labeled "All Designations" points to the list of roles. Another callout box labeled "+500 connections" points to the connection count. Below the profile information, there is a bio starting with "I am a Professional Engineer that understands how to deliver capital projects on time, on budget, that meet the customer's needs, and increase company revenue. My technical knowledge will help your customers have a better".

The image shows a screenshot of a LinkedIn profile dashboard. At the top, the browser address bar displays the URL <https://www.linkedin.com/in/thomas-allen-anderson/>. The navigation bar includes the LinkedIn logo, a search bar, and icons for My Network, Jobs, Messaging, Notifications, and Me. Below the navigation bar, there is a "See less" link. The main content area is titled "Your Dashboard" and is marked as "Private to you". It features three statistics: "Who viewed your profile" (3,666), "Post views" (74), and "Search appearances" (134). Below these statistics is a "Career interests" section with a toggle switch set to "On". An orange callout box with a pointer to the toggle contains the text: "Turn this on if you want recruiters to contact you." Below the "Career interests" section is the "Your Articles & Activity" section, which shows "5,532 followers" and a "Manage followers" link. A preview of an article titled "Question of the Week: How has your EIT, PE, PMP, etc. helped your career?" by Thomas A. is visible. The Windows taskbar is at the bottom of the screen.

The image shows a screenshot of a LinkedIn profile for Thomas A. Anderson, P.E. The profile is viewed on a web browser. The main section is the 'Experience' section, which lists two roles:

- Senior Mechanical Engineer** at **Hatch**, from Nov 2017 to Present (1 mo), in the Greater Pittsburgh Area.
- Project Engineer** at **Tenova**, from May 2012 to Oct 2017 (5 yrs 6 mos), in Coraopolis, PA.

The description for the Project Engineer role reads: "Mechanical Project Engineer for reheat, heat treatment, and specialty furnaces. Responsible for furnace design including combustion system design, piping systems, and field services. Additional skills include understanding of electrical process control systems and automation to improve overall quality, productivity, and cost-effective operation. Additional responsibilities include field services, tune-ups, light up, and dry-outs."

Below the experience section is a 'Media (1)' section with a video thumbnail titled 'iRecovery'.

Four callout boxes provide advice on how to present this information:

- Keep Experience up to date**: Points to the 'Present' date for the Hatch role.
- Describe your roles**: Points to the job title and company name for the Tenova role.
- Bulletize your accomplishments**: Points to the detailed job description for the Tenova role.
- Add Media**: Points to the video thumbnail in the Media section.

The image shows a screenshot of a LinkedIn profile page for Thomas A. Anderson, P.E. The browser address bar shows the URL: https://www.linkedin.com/in/thomas-anderson-7450507/. The profile header includes the name 'Thomas A. Anderson, P.E. [Full Name]', a search bar, and navigation icons for 'My Network', 'Jobs', 'Messaging', 'Notifications', and 'Me'. Below the header, there is a text snippet: 'metals industry. Equipment includes nozzle/slot cooling, Air/Water cooling, strip drying, strip blow off, industrial ventilation, motor room ventilation, and heavy oil scrubbing system.'

The 'Education' section is highlighted with three callouts:

- List All Education:** Points to the plus sign icon on the right side of the Education section header.
- Keep Up To Date:** Points to the pencil icon on the right side of the Point Park University entry.
- Add Important Details:** Points to the list icon on the right side of the Point Park University entry.

The Education section contains two entries:

- Point Park University:** Bachelor's degree, Mechanical Engineering (2004 - 2008). Activities and Societies: President of the Engineering Club, Member of Student Government. Description: Primary considerations of scientific and engineering principles to the design of mechanical and thermal systems, manufacturing processes and quality control for specific utilization and cost analysis.
- Wyo Tech-Blainville:** Automotive technician, Automobile/Automotive Mechanics Technology/Technician (2003 - 2004).

The 'Volunteer Experience' section is partially visible below, showing a role as 'Webmaster'.

The Windows taskbar at the bottom shows the Start button, a search bar, and several application icons including Internet Explorer, File Explorer, and various office applications.

The screenshot shows a LinkedIn profile page for Thomas A. Anderson, P.E. The browser address bar displays the URL: https://www.linkedin.com/in/Thomas-anderson-1000000000/. The page title is "Thomas A. Anderson, P.E. | LinkedIn". The navigation bar includes "Home", "Search", "My Network", "Jobs", "Messaging", "Notifications", and "More". The main content area is titled "Recommendations" and has a sub-header "Ask to be recommended" with a pencil icon. Below this, there are two tabs: "Received (10)" and "Given (6)". The first recommendation is from Abul Kumar Mudgal, Software Engineer | Analyst (Public Speaker | Mentor), dated September 29, 2017. The text of the recommendation reads: "It's rare that you come across standout talent like Tom. although We do not work same groups but he has demonstrated excellent command on the subject matter and can make even the most complex Mechanical concepts simple enough for us to grab. I am always in awe of Tom's ability to command a room and get people on board with ideas—even people who were initially on completely different pages. Good luck for your future endeavors." The second recommendation is from Shane J. Martin, EIT, Mechanical Engineer, dated September 20, 2017. The text reads: "I met Thomas through his LinkedIn group 'Engineering Students and Recent Graduates' (ESRG), in which he connects with thousands of engineering students and practicing engineers to help guide them on successful journeys. Thomas even asked me to help moderate his group, which has allowed me to open up so many more connections in my network. Thomas is very experienced in his field, and he is extremely knowledgeable in". The Windows taskbar is visible at the bottom of the screen.
